

Happy New Year everyone:

**Important announcement:** Kidz Kaboodle has chosen not to renew our lease, which expires in June 2017. This decision will not have any effect on our customer's in-store credit. We fully intend on honoring everyone's credit through its expiration. The owners have decided it's time to retire and spend more quality time with their grandchildren. We make this announcement in keeping with our 16-year tradition of open, honest, and transparent business practices with our customers.

Effective immediately, our store is officially FOR SALE. A real opportunity for a business-minded individual to purchase a fully operational small business at a fraction of the cost of a start-up or a franchise. This is truly a turn-key operation. The sale price will include all of our inventory, fixtures and equipment, our computer with point-of-sale software customized for our store, our fully operational website and Facebook page, and agreed upon training and support.

Anyone interested in more information should contact owner Jim Young at 253.278.0831. Please refrain from making inquiries at the store and/or flooding our working staff with questions, as they are tasked with customer service and will not have all of the details regarding the sale. Interested buyers only should be prepared to discuss their qualifications and indicate their level of seriousness in the purchase of our business. Curiosity seekers need not inquire.

Running this business for the past 16 years has been an enjoyable and rewarding experience. We want to thank our wonderful and loyal customers and assure them that we hope to find a new owner who will continue to provide this much-needed service with the same level of quality, passion, and dedication as we have put into building this business.
